

C U S T O M I S E
YOUR MODULELONG

tine/home

We know the importance of comfort when it comes to creating a complete experience. Tine K Home furniture can be customized to suit all needs and wishes.

When decorating a home there is a lot to consider. Furniture needs to be versatile, unique and also reliable stables for many years. With our line of soft furniture, we combine all this with high quality design.

Our furniture collection contains designs for many purposes: small poufs in various shapes, elegant sofas in many sizes, a daybed in a delicate design and many more. The possibilities are endless, and it all starts with your project and preferences.

Let Tine K Home customize your own personal furniture.

PEPE

Our quality Pepe is made in 75% recycled cotton and 25% polyester, and is OEKO-TEX certified.

Our quality Pepe comes in nature, cream and white, that gives a calm and calm look. Dry clean only.

HOW IT'S MADE

Informations about what our furniture is made of

MODULE COLLECTION

Our module collection consist of our MODULE, MODULECORNER, MODULECURVE, MODULEPOUF and MODULELONG.

The Tine K Home Module series is created with Scandinavian simplicity in mind. With the soft organic shapes, our module series invites relaxation and coziness, and works in both small and large homes. The module series consists of individual sofa modules that can be combined in different ways so that you can create a sofa according to your needs.

CORPUS

The corpus are produced of FSC certified pine wood or beech wood combined with fiberboard, solid cardboard and FSC certified particleboard.

SEAT

For keeping the comfort of the seats, the cushions are made of upholstery belts. High flexible foam is glued on the corpus with hypoallergenic silicone stuffed pockets (chambers).

COVER

The corpus cover is sewn in 100% cotton, to secure the foam stays at its place.

LEG

After upholstery (upholstery binders) the cotton cover, the FSC certified beech wood legs are screwed on.
